Dear Dr. Halley

**REC REF: 23/24**

**Principal Investigator: Prof. Norman Delanty, Consultant Neurologist, Beaumont Hospital**  
**Study Title: Research Use of Diagnostic Genomic Testing Data for Epilepsy**

I acknowledge receipt of Amendment#2 5.1.24 which implements changes requested by the Health Research Consent Declaration Committee (updated approval documentation enclosed for your files)

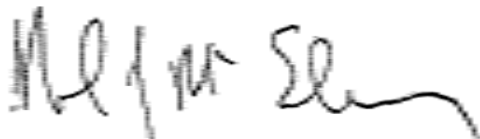

Further to receipt of Health Research Committee Declaration on the 19.12.23 and this amendment, I confirm **full** research ethics committee approval for this study as of today's date.

**Post-Approval Process: -**

**The Beaumont Hospital site sign off process for studies requiring approval is outlined here: - [https://www.beaumontethics.ie/home/sign\\_off.htm](https://www.beaumontethics.ie/home/sign_off.htm)** The research study cannot commence until all relevant permissions are in place, and all contracts have been fully executed. Once contracts are executed, we would be grateful if you could complete a feedback survey which will be provided to you by the Department of Quality and Patient Safety.

Kind Regards

Yours sincerely

Prof. Gerry McElvaney
